Download file \*.po sesuai dengan versi Drupal yang digunakan, file bahasa disediakan dalam 4 versi (5.x, 6.x, 7.x, dan 8.x), Dalam Drupal 7 digunakan file po versi 7.61 struktur nama file

## Drupal-7.61.id.po

File \*.po adalah text file yang ditulis dengan format khusus untuk menterjemahkan setiap kata atau kalimat dalam bahasa inggris menjadi bahasa yang lain.

Contoh dalam file \*.id.po terdapat beberapa baris data teks seperti berikut:

```
15 msgid "Home"
16 msgstr "Beranda"
17 msgid "User interface"
18 msgstr "Antarmuka pengguna"
19 msgid "Title"
20 msgstr "Judul"
21 msgid "Body"
22 msgstr "Isi"
23 msgid "Next"
24 msgstr "Selanjutnya"
25 msgid "user"
26 msgstr "anggota"
27 msgid "Pages"
28 msgstr "Halaman-halaman"
29 msgid "Save configuration"
30 msgstr "Simpan konfigurasi"
```

Simpan file po dalam lokasi folder :

**[drupal-installation]/profiles/standard/translations/Drupal-7.61.id.po**

ENABLE module **Locale** dengan cara seperti cara mengaktifkan module sebelumnya

1	Filter list	locale
1	<input checked="" type="checkbox"/> Enabled <input checked="" type="checkbox"/> Disabled <input checked="" type="checkbox"/> Required <input checked="" type="checkbox"/> Unavailable	
0	NAME	DESCRIPTION
C	<input checked="" type="checkbox"/> <b>ON</b> <b>Locale</b> (locale)	▶ Adds language handling functionality and enables the translat...

Klik menu "Configuration" > "Language">"Add Language"

The screenshot shows the Drupal 7 administration interface. The top navigation bar includes links for Dashboard, Content, Structure, Appearance, People, Configuration, Reports, and Help. The 'Configuration' menu is expanded, showing sub-menus like Administration, Content authoring, Development, Media, People, Regional and language, Search and metadata, System, User interface, Views panes, and Web services. The 'Regional and language' sub-menu is further expanded, showing options for Regional settings, Date and time, Languages, Add language, Translate interface, and Detection and selection. The 'Add language' option is highlighted. Below the menu, a message states 'The configuration options have been saved.' and 'No update information available. Run cron or check manually.' A 'Save configuration' button is visible at the bottom left. The main content area shows a table with the 'Locale' module listed as 'ON' and 'Locale (locale)', with a description: 'Adds language handling functionality and enables the translat...'. A 'Help' link is available for the 'Locale' module.
